

Make a Fiber Collage like **Ebony Patterson**

Ebony Patterson deals with a tragic story in *Between the leaves and in the bed*. She often adds embellishments like fabric, jewelry, and glitter to draw attention to her work and the story it tells. **What is an important story you would like to tell? Can you use found objects to share your story?**

- **Collect** scrap fabric, paper, gift wrap, and small objects to recycle into art
- **Find** a larger piece of paper or fabric as your base
- **Cut** out objects and shapes from your collection that help tell your story
- **Draw** or paint designs to help fill in the gaps
- **Glue** your objects down
